# HILLTOPPER

NOVEMBER, 2016

As I write this we are having a beautiful Indian Summer. We learned today that it is called that because it is when the Indians went out to hunt for their winter foods.

They thought of it as the strong season (summer) fighting and showing its strength to the less vital season (winter).

In October we had our annual trip to Gearhard farms. This year we hosted the Penn West Conference Youth. We had a really nice turn out, a beautiful day, and Lots of fun! All that attended asked that we open this event to them again next year!

We also have our annual Fall party and Trunk or Treating. This year we mixed it up a bit with a messy church as well. The activities were done around the Story from Mark 5, and the man in the graveyard.

Pastor told the story while Logan portrayed the man in the cemetery covered in chains. After the activities we had our costume parade and then we got to the candy!

This month we will be having a messy church on November 20th from 5-8pm. The activity theme will be based around the smells and tastes of fall.

We will be having a family style table meal to celebrate Thanksgiving.

I want to take this time to wish everyone a wonderful Thanksgiving!

Thank you!

## THE WORD

*'No one after lighting a lamp hides it under a jar, or puts it under a bed, but puts it on a lamp stand, so that those who enter may see the light. For nothing is hidden that will not be disclosed, nor is anything secret that will not become known and come to light. Then pay attention to how you listen; for to those who have, more will be given; and from those who do not have, even what they seem to have will be taken away.'*—Luke Chapter 8:16-18

It is no secret that Christianity in the United States of America has “an image problem.” (from the book UnChristian: What a New Generation Really Thinks About Christianity and Why It Matters by David Kinnamon and Gabe Lyons.) The numbers of those outside the church swell every generation. The younger generations know very little about church life and what they think they know is not good. Pollsters have found that young people perceive Christians as judgmental; old fashioned; too involved in politics; boring; out of touch with reality; and so on. For the most part, the younger generation respects Christian beliefs, values and principles but they believe that you and I don't live by those same admirable qualities.

I've shared this study, and others like it, with lots of Christian people. Usually the reaction is, “Well, some Christians may turn people off but everyone I know . . . .” This reaction is understandable but doesn't really get to the issue, does it? The issue is that outsiders don't have enough contacts with faithful church members to make good judgments about who we are. Think about it: Isn't it easier to make a snap judgment about people we don't know well than people we do?

Jesus, as always, was way out ahead of us on this. The quote from the gospel of Luke above shows that Jesus is encouraging us to be the 'light.' He is telling us that we cannot assume people will know about us or want to learn about Jesus. We have to find different ways of making inroads with people. We have to talk to all sorts of people about their hopes and dreams and about our faith and understanding of Christ. We're all sitting in darkness; both those of us inside the church and out. And we're waiting for the other to make the first move. Jesus says Christians are to grab a flashlight, shine it on the ground, find a path to a stranger, and make a way out of the darkness together.

Grace and Peace,

Pastor Joseph

# November Facts

November Birthdays (<http://www.famousbirthdays.com/nov.html>)

*The 11th month of the year is an outstanding one*

In the Georgian calendar, the calendar that most of the world uses, November is the eleventh month of the year. However, in the early Roman calendar, it was originally the ninth month. Later, the Roman senate elected to name the eleventh month for Caesar. November is right between fall and winter. Almost all leaves are gone from the tree and lost their colors. The month is referred as the wind month and the bloom month by Anglo-Saxons. It is because November is the month where they killed their animals for food. Those have been harvested in the previous months are either put inside the storage or sent to processing plants or mills. In this month, the farmers will know whether that particular year was successful or not. Because of its beautiful weather, football is the main sport of the month.
